

Objectives

- Develop a CMS tailored for the Culturati project.
- Provide admin, Super admin, Data entry operator, editor and creator roles for easy content control.
- Enable uploading, editing, and organizing content efficiently.
- Ensure smooth backend operations with a user-friendly interface.

Benefits

- Simplifies content management for both admins and creators.
- Speeds up publishing and editing processes.
- Supports collaborative cultural content creation.
- Clean UI enhances overall user experience.
- Scalable and adaptable for future content types.
